2.0 NIAS COVID-19 RECOVERY CO-ORDINATION & LEARNING TOOL		
Name:		
Directorate / Departments this is being completed for		
Please write bullet point answers for discussion regarding your experiences	*For You and your Directorate*	*Proposed timeframe for change*
What services / functions /practices did your Directorate develop or contribute to specific to the Covid response that could be stood down- END?		
What services / functions /practices did you stop during the crisis and from this learning you would now like to LET GO?		
What services / functions /practices did you amend / modify / create /participate in during the crisis that you would like to develop in the future? AMPLIFY		
What services / functions /practices did you have to stop to focus on the crisis that you would like to RESTART?		

Is there anything you'd like to reflect on in terms of organisational and management practices during COVID-19 which could help for SMT and Senior Manager learning?	
How did data influence your decision-making? Is there anything you learnt from this?	
Are there any new approaches or practices which should be taken forward? Include any anecdotal or hard data you may have regarding this?	
Any other comments for organisational learning? Are there any further innovations which could be shared nationally or regionally? (We have been asked to share this by AACE and HSC learning processes).
